Progressive Health Innovations Hires Director of Operations

Port Moody, BC - Progressive Health Innovations Inc. (PHI) is pleased to announce that Shaun Granleese has been hired as the Director of Operations. Shaun has over ten years of senior management experience guiding product development, manufacturing, and quality assurance and regulatory affairs, for both public and private medical device companies.

"We are very excited to bring Shaun on-board, he brings extensive experience to the role and understands all facets of taking a product from prototype to market," said Matt Ferguson, PHI President and CEO. "With our product testing wrapping up, the next step is to refine the AFX for production and sales. Having that process managed by such a capable individual will not only help ensure that the AFX hits the market this year, but that we are also prepared for growth."

Shaun Granleese looks forward to taking on the new role. "I am very impressed by the extensive pre-market validation that has been completed for the AFX, both of device effectiveness and of the significant market potential," said Granleese, "it's exciting to be a part of this terrific team, and to be helping launch such an important new product."
